Contract description: Training Visits to Italy

Scope of contract:

The scope of work is concerned with detailed planning and execution of capacity building / training visits being carried out in Italy.

The visits will encompass institutions and civil society organisations, with further exposure to skills being applied in resources planning and management. This will allow participants to develop expertise in the management and operations of community organisations, thus enhancing the effectiveness of the current Integrated Development Plans as well as their future improvement.

Further, study visits should allow participants to:

- Learn different models of community participation needed for improving health, education, and agriculture (olive value chain);
- Establish contacts, links and networks with Italian public and private commercial entities thus fostering educational, professional, and business connections;
- Explore effective means of providing opportunities for mainstreaming women's voice in society, particularly towards the ends of their expanded participation in economic and social life;
- Identify effective strategies to empower youth in economic productivity, providing equal opportunities for young women and men, and sustaining youth entrepreneurship with the involvement of employers' networks.

Duration: Four Months

Contract signature date: 17th December, 2018
